Find out why
We're Outside

Over 90% of our equipment and materials used in manufacturing our products are made in Missouri and the USA.

Locally Owned, Operated and Manufactured since 2002.

Stockman Stoneworks is devoted to manufacturing high-quality products for less than the competition. Remember, landscaping done properly will enhance the aesthetics and value of your home or building. We offer a growing selection of products and colors to aid in doing just that.

Matrx Wall System

This multi-size, double-sided system can be used for many different projects, including retaining walls, freestanding walls, sitting walls BBQ grills and many more.

This couple wanted the patio to be an extension of their indoor living room. It worked *flawlessly!*

Matrx shows the characteristics of natural stone installations *without* the cost of it.

This homeowner removed old, rotting ties to create large, terraced flower beds, with steps, that provided access to the backyard.

Our professional dealers and staff are here to provide the materials and advice that you need to accomplish any landscaping project. Call one today!

Vyking Wall System

Vyking was designed to be a durable system that can handle the demands of an engineered wall, and also be simple enough for a do-it-yourselfer to install.

A driveway extension doesn't have to be boring. You can add planters for *elegance*, steps for access and Stockman products for *value and longevity*.

Simplicity Blocks

Come home to your "all inclusive" backyard!

This homeowner wanted a kitchen outside so that they could be part of the party.

Stockman Products helped to make it happen.

The name of this product truly says it all. *Simple!* Simplicity Blocks are uncomplicated and dimensional. They can be used to create columns, quick sitting walls, freestanding walls, benches, flower beds and planters. Simplicity Blocks are tumbled and available in a variety of colors. They compliment our pavers quite well.

Pyzique BBQ

This BBQ pit has a massive and impressive appearance. It is easy to construct and usually less costly than a kit grill from a box store.

Add *pizzazz* to your area that will make you the envy of the neighborhood!
